Generational Change IN ACTION

THE IMPACT OF YOUR INVESTMENT

At SPARC Hope, we often talk about breaking the cycle of poverty through education. But every once in a while, we get to see what that really looks like over time.

A STORY OF DETERMINATION

Recently, many in our community had the opportunity to hear from Kilan, a college athlete preparing to graduate next month. His story is powerful on its own, but what matters most is what it represents.

A MOM WHO PAVED THE WAY

Kilan's mother was a single parent working to build a better future for her family while enrolled in the SPARC Hope program. She became the first in her family to earn a college degree.

A MOMENT THAT CHANGED EVERYTHING

Because of her determination, and the support surrounding her during that time, her children grew up with a different understanding of what was possible for their own lives.

ONE GENERATION. ENDLESS IMPACT.

Today, Kilan is about to graduate from college. He will be the last of his siblings to do so. In just one generation, this family went from being the first to attend college... to every child earning a degree.

THIS IS WHAT LASTING CHANGE LOOKS LIKE

That kind of transformation does not happen overnight. It takes consistency. It takes support. And it takes a community willing to invest in families long before the outcome is visible.

This is the impact of SPARC Hope. And it is only possible because people choose to walk alongside these parents during one of the most challenging and important seasons of their lives.

*Because of you, families rise.
Futures change. Generations thrive.*

TOGETHER, WE'RE BUILDING BRIGHTER FUTURES,
ONE FAMILY AT A TIME.

SPARC Hope

empowers single parents to pursue higher education, overcome barriers, and create lasting change for their families.

Empowered Today. TRANSFORMING TOMORROW.

The Impact of Your Support

At SPARC Hope, we walk alongside single parents as they pursue their dreams, overcome challenges, and build brighter futures for their families.

This is **Dyann's** story.

A DETERMINED MOM

Dyann is the proud mom of three children, ages 21, 19, and 6. When her youngest daughter, Raquel, was diagnosed with autism, Dyann rose to the occasion with strength, grace, and unwavering love.

ADVOCATE. AUTHOR. INSPIRATION.

To help children like Raquel feel seen and understood, Dyann wrote and published *Raquel, The Beat of Her Own Drum*. A heartwarming children's book that celebrates autism, individuality, and the beauty of being yourself.

EDUCATION CHANGES EVERYTHING

While balancing motherhood, work, and life's demands, Dyann earned her Master's degree and recently passed her certification exam. She is now a Licensed Professional Clinical Counselor (LPCC) in Indiana and working toward certification in Kentucky.

BUILDING A FUTURE OF PURPOSE

Dyann works for Seven Counties and is excited to begin her career as a mental health professional—using her education and her story to help others heal and thrive.

MAKING THE MOST, LIVING WELL

From road trips to State parks to making her own fruit wines, **Dyann has mastered the art of living well while staying within her means**, proving that creativity and faith can turn any dream into a plan.

"To me, Sparc Hope means providing strength, encouragement, and real resources to single-parent families like mine who are working hard to build a better future for themselves. I am committed to helping them push the boundaries of reality, and the power of community support during challenging times. Being part of Sparc Hope reminds me that I am not alone on this journey. It gives me the confidence to keep pushing forward, knowing that there are people who truly believe in me and my dreams for my family."
